## Working Experience

- **06/2013 - Today:** Web & internal developer at [Everypay S.A.](#) Everypay is a payment gateway (like Paymill, Paypal or Stripe) that makes it possible to implement card payment on your web site but also introduces mobile payments for freelancers in Greek market. My responsibilities are Front End Development (Web page), REST API development and support, Dashboard for the clients (Back and Front) and Plugins development for implementation on commerce Platforms.
- **03/2011 - 05/2013:** Web & internal developer at [Prince Oliver](#). My main occupation was web development concerning ecommerce and the web portals of the Company (see Work Sample section). I also worked on the company's ERM and other internal reporting projects
- **11/2009 - 05/2010:** Web developer in advertising services company [CDL](#) (Creation & Development Land). My main occupation was web site construction, maintenance and upgrade, at front and back end interface. I stopped working for the company due to contract expiration. Recommendations Mrs. Atsave Maria.
- **2004 - 2006 :** Clerk in [Newsphone Hellas](#). Initially, area of my job was to support by phone the Hellenic Gas Company's (ΕΠΑΑ) customers. After the first three months I became team leader, with tasks such as handling incoming and outgoing calls, exporting statistics of many projects' calls, so as to improve company's service, supervision of human resources shifts, promotion and sale of products of Gas Company, and general operation of projects. I stopped working to fulfill my military obligations and later for my studies. Recommendations Mrs. Papageorgiou Pari.

## Education

- **2005 - 2010 :** Technological Educational Institute of Athens – Informatics Dpt. Degree – Grade: 7.25
- **1997 – 2000 :** 4th General High School of Kallithea. Technological Direction – Grade : 16 & 6/11.
- **First Certificate in English (Cambridge)** - Good knowledge in IT terminology.

## Work Sample

- One man show (HTML, CSS, PHP, Back & Front) development on web sites :
  - <http://hotdoc.gr/>
  - <http://everypay.gr/>
  - <http://auravitae.eu/shop/>
  - <http://dido.gr/>
  - <http://onc.gr/>
  - <http://vaftistika.com/el/>
  - <http://sokperi.com>
  - <http://piatsatsipouraki.gr/>
  - <http://store.princeoliver.com>
  - <http://news.princeoliver.com>
  - <http://glive.gr>
  - <http://antart.gr>
  - <http://stage.antart.gr/>
  - <http://spyjotyres.net/>

### **Other upgrading or maintaining work (mostly PHP Work)**

- On the following sites, I transformed the navigation mechanism to support user-friendly URLs, in order to get them optimized for search engine results:
  - <http://www.wedstar.gr/>
  - <http://www.evoikizimi.gr/>
  - <http://www.dimosfaris.gr/>
  - <http://www.rozsiel.com/> (html edition)
  - <http://www.wbevents.gr/>
  - <http://cooktherapy.gr>
- I have also participated in the construction of custom internal management systems at almost every company I have worked for.

## **Less experience and basic knowledge**

- ASP
- Joomla
- VBScript
- C,C++
- Pascal
- Fortran
- Oraclec
- SQLServer
- MsAccess
- Linux
- Visual Basic
- Java & JSP
- Flash
- PDA – Windows mobile
- Networks – Router/switches/structured cabling

## **Other Skills**

- Fast understanding, familiarity and adaptation to working frameworks and technologies
- Cooperative and good communication skills
- Flexible working hours
- Researching and developing mood
- Can cope with new challenges and problems

## **Career Objectives**

My personal ambition is through my work, creativity and continuous evolution to get to a fairly high level of knowledge, covering the largest possible range of technologies and techniques in information technology. I enjoy my work and mostly working with projects that get to be seen by many people and getting feedback from them. My best skill is working with the frontend technologies (HTML, CSS, Javascript etc.)
